FloridaShines Catalog Widget

- Newly designed widget. Responsive design.
- Marketing visual element to share on your website and link students to the FloridaShines Catalog.
- Keeping statute requirements in mind (online courses, programs and institutions):
  - *If an institution assesses the distance learning fee, the institution must provide a link to the catalog within the advising and distance learning sections of the institution’s website, using a graphic and description provided by the Complete Florida Plus Program, to inform students of the catalog.*
