FINANCIAL AID INFORMATION

Financial aid is awarded primarily on the basis of proven need, as demonstrated by the information given by the applicant on the Free Application for Federal Student Aid (FAFSA). Awards may consist of grants, scholarships, loans, campus employment, or some combination of the four. In addition to providing institutional grants, the College participates in all federal programs and all State of Florida programs (with the exception of those restricted for use at state universities or community colleges). The priority deadline to submit all necessary forms is March 1st.

TRANSFER POLICIES

In regard to community college transfer students with the Associate of Arts (A.A.) Degree, Flagler College will admit no more than 75 students annually on an institution-wide basis, without regard to a specific program of study. Any additional community college applicants will be evaluated for admission based upon previous academic record, aptitude, desired field of study, and available space for enrollment.

Transfer applicants are required to submit the following:
1. Completed application, including essay
2. Official transcript of high school record (if applicant has earned less than 24 semester hours of credit)
3. Official transcript from each college or university previously attended
4. ACT or SAT scores at the discretion of the Admissions Transfer Coordinator.
Applicants transferring from another institution must be in good standing with a satisfactory grade point average for all work attempted and must be eligible to return to the institution last attended.

Transfer students are expected to have a minimum 2.5 grade point average and may transfer up to 64 semester hours of credit from a community college and up to 75 semester hours of credit from a four-year institution.

Transfer applicants from four-year institutions may transfer up to 75 semester hours of credit. Recipients A.A. degree are generally admitted at the junior level; however, applicants who transfer from community/junior colleges will be allowed no more than 64 semester hours of credit toward the completion of degree requirements at Flagler.

Students with an A.A. Degree may transfer up to three courses in which a ‘D’ grade was earned, provided the total number of transfer credits does not exceed 64 semester hours. Flagler College, as a member of ICUF (Independent Colleges and Universities of Florida), provides some basic guarantees to transfer students who have earned an A.A. degree from any member institution of the State of Florida public university system. This guarantee includes the transfer of 60 credits to be applied toward the awarding of the baccalaureate degree and completion of the general education requirements at Flagler College.

The amount of transfer credit and advanced standing allowed by the College will be determined by the Office of the Registrar. In some instances, Office of Academic Affairs and/or department are consulted prior to awarding transfer credits. Students are responsible for submitting all official transcripts, Caribbean Advanced Proficiency Examination (CAPE), College Level Examination Program (CLEP), International Baccalaureate (IB), Advanced International Certificate of Education (AICE), or Advanced Placement (AP) test scores, and for confirming their level of advanced standing prior to registering for classes at Flagler.

There can be no more than two grades of D+ or below in the courses of a major, including ancillary courses (courses selected from among several course options that can be taken to fulfill the requirements for a major, but are not an offering within the department in which the major or minor falls), and no more than one grade of D+ or below in the courses of a minor. Students must maintain a minimum 2.0 grade point average to remain in good academic standing. Those whose cumulative grade point average falls below 2.0 are subject to academic warning, probation, suspension, or dismissal.

Students who transfer to Flagler College with 60 or more semester hours may not receive additional transfer credit from a community college or a two-year program. Once admitted to Flagler College, no more than nine (9) semester hours of transient credit will be approved. The final 30 semester hours must be completed in residence at Flagler College.

Prior to enrollment at Flagler College, all students born after 1956 are required to present documented proof of two measles immunizations, and all students, regardless of age, shall present documented proof of two immunizations against rubella. All students must be vaccinated against meningococcal meningitis and hepatitis B or sign a waiver declining the vaccines. Students must also complete a Student Health History form and a Medical Compliance form.

Students who choose to enroll at Flagler College agree to comply with the rules, policies, procedures, and administrative regulations as they exist at the time of initial enrollment and as they may be changed, modified, or added to during the period of enrollment.

Students are advised to complete their General Education Requirements as soon as possible. General education requirements should be completed by the end of the sophomore year. General education requirements can be satisfied at the community college by taking the following courses:

REMARKS
1. ** The Education Department is in transition, and some requirements may change before graduation for students entering under this catalog.

2. A student who plans to major in any area for teaching certification must meet the following requirements for acceptance to the Education Department: (1) Achieve a cumulative 2.5 grade point average by the completion of the fourth semester of college and maintain it throughout their undergraduate program. (2) Submit either an SAT combined Verbal and Math score of 1010 or higher, or an ACT composite score of 21 or higher. (3) Demonstrate professional environment skills needed for teaching. (4) Earn a passing score on the Florida Teacher Certification Exam (FTCE) General Knowledge Exam. (5) have earned no grade below a C- in any course required for education certification (see individual education program requirements) (6) Complete EDU 202 and EDU 321. (7) Fill out an application for admission.

3. Transfer students must satisfy all criteria for admission to the Education Department by the end of their second semester at Flagler, and must apply for admission their first year enrolled at Flagler College. *Transfer students who have completed an Associate of Arts degree or Bachelor’s degree are not required to submit ACT/SAT scores for admission to the teacher education program.*

4. Students who transfer to Flagler should contact the Department Chair or an Education Department Faculty Adviser and request an evaluation of the time necessary to complete their programs before submitting advanced payments to confirm their intentions to enroll.

5. Participation in intercollegiate team sports and other extracurricular activities may not interfere with pre-service professional obligations and requirements. Students who participate in extracurricular activities, including individual and team sports, will not be able to do so in the final semester of internship.

6. During two or three semesters, Edthena or a similar video platform will be required for assessment of practicum and internship teaching experiences. Students must meet with their Education Department Program Advisor to identify which semesters this will be required.

7. Graduates are required by State law to pass the Florida Teacher Certification Exams (FTCE) to receive a 5-year Professional Level Teaching Certificate. Flagler College requires passing scores on the FTCE before students are assigned to their 16-week internship. See the 2017-2018 Catalog for further details. Students completing their degree requirements must contact their advisor if they have questions related to teacher certification. FTCE exams for certification are expensive. Please plan for these fees when budgeting.

8. The student is responsible to make application for student teaching by the announced deadline. An internship fee, presently $300, is charged to cover the cost of various plans for remuneration of directing teachers.

9. Students meeting all the admission and degree requirements for graduating from a state-approved program are eligible for a 5-Year Professional Teaching Certificate. State regulations do change from time to time, and students majoring in Education will be advised of these changes which may affect their eligibility for certification. The Chair of the Education Department serves...
as the Director of Teacher Certification at Flagler and is responsible for the administration and interpretation of College and FDOE policies relative to teacher preparation.

10. The teacher education programs at Flagler are State Approved, which means that they meet the standards prescribed by the Florida Department of Education. This State Approved status enables Flagler graduates to be certified in Florida and in those states that participate in the Interstate Certification Agreement Compact.

11. EVR 1001/EVR 1001L will count for either an earth science OR a life science, but not both.

REMARKS
1. ** The Education Department is in transition, and some requirements may change before graduation for students entering under this catalog.

2. A student who plans to major in any area for teaching certification must meet the following requirements for acceptance to the Education Department: (1) Achieve a cumulative 2.5 grade point average by the completion of the fourth semester of college and maintain it throughout their undergraduate program. (2) Submit either an SAT combined Verbal and Math score of 1010 or higher, or an ACT composite score of 21 or higher. (3) Demonstrate professional environment skills needed for teaching. (4) Earn a passing score on the Florida Teacher Certification Exam (FTCE) General Knowledge Exam. (5) have earned no grade below a C- in any course required for
education certification (see individual education program requirements)  (6) Complete EDU 202 and EDU 321. (7) Fill out an application for admission.

3. Transfer students must satisfy all criteria for admission to the Education Department by the end of their second semester at Flagler, and must apply for admission their first year enrolled at Flagler College. Transfer students who have completed an Associate of Arts degree or Bachelor’s degree are not required to submit ACT/SAT scores for admission to the teacher education program.

4. Students who transfer to Flagler should contact the Department Chair or an Education Department Faculty Adviser and request an evaluation of the time necessary to complete their programs before submitting advanced payments to confirm their intentions to enroll.

5. Participation in intercollegiate team sports and other extracurricular activities may not interfere with pre-service professional obligations and requirements. Students who participate in extracurricular activities, including individual and team sports, will not be able to do so in the final semester of internship.

6. During two or three semesters, Edthena or a similar video platform will be required for assessment of practicum and internship teaching experiences. Students must meet with their Education Department Program Advisor to identify which semesters this will be required.

7. Graduates are required by State law to pass the Florida Teacher Certification Exams (FTCE) to receive a 5-year Professional Level Teaching Certificate. Flagler College requires passing scores on the FTCE before students are assigned to their 16-week internship. See the 2017-2018 Catalog for further details. Students completing their degree requirements must contact their advisor if they have questions related to teacher certification. FTCE exams for certification are expensive. Please plan for these fees when budgeting.

8. Deaf Education majors are required to score 2.5 on ASL-PI before enrolling in their internship.

9. The student is responsible to make application for student teaching by the announced deadline. An internship fee, presently $300, is charged to cover the cost of various plans for remuneration of directing teachers.

10. Students meeting all the admission and degree requirements for graduating from a state-approved program are eligible for a 5-Year Professional Teaching Certificate. State regulations do change from time to time, and students majoring in Education will be advised of these changes which may affect their eligibility for certification. The Chair of the Education Department serves as the Director of Teacher Certification at Flagler and is responsible for the administration and interpretation of College and FDOE policies relative to teacher preparation.

11. The teacher education programs at Flagler are State Approved, which means that they meet the standards prescribed by the Florida Department of Education. This State Approved status enables Flagler graduates to be certified in Florida and in those states that participate in the Interstate Certification Agreement Compact.

12. EVR 1001/EVR 1001L will count for either an earth science OR a life science, but not both.

REMARKS
1. ** The Education Department is in transition, and some requirements may change before graduation for students entering under this catalog.
2. A student who plans to major in any area for teaching certification must meet the following requirements for acceptance to the Education Department: (1) Achieve a cumulative 2.5 grade point average by the completion of the fourth semester of college and maintain it throughout their undergraduate program. (2) Submit either an SAT combined Verbal and Math score of 1010 or higher, or an ACT composite score of 21 or higher. (3) Demonstrate professional environment skills needed for teaching. (4) Earn a passing score on the Florida Teacher Certification Exam (FTCE) General Knowledge Exam. (5) have earned no grade below a C- in any course required for education certification (see individual education program requirements) (6) Complete EDU 202 and EDU 321. (7) Fill out an application for admission.
3. Transfer students must satisfy all criteria for admission to the Education Department by the end of their second semester at Flagler, and must apply for admission their first year enrolled at Flagler College. Transfer students who have completed an Associate of Arts degree or Bachelor’s degree are not required to submit ACT/SAT scores for admission to the teacher education program.
4. Students who transfer to Flagler should contact the Department Chair or an Education Department Faculty Adviser and request an evaluation of the time necessary to complete their programs before submitting advanced payments to confirm their intentions to enroll.
5. Participation in intercollegiate team sports and other extracurricular activities may not interfere with pre-service professional obligations and requirements. Students who participate in extracurricular activities, including individual and team sports, will not be able to do so in the final semester of internship.
6. During two or three semesters, Edthena or a similar video platform will be required for assessment of practicum and internship teaching experiences. Students must meet with their Education Department Program Advisor to identify which semesters this will be required.
7. Graduates are required by State law to pass the Florida Teacher Certification Exams (FTCE) to receive a 5-year Professional Level Teaching Certificate. Flagler College requires passing scores on the FTCE before students are assigned to their 16-week internship. See the 2017-2018 Catalog for further details. Students completing their degree requirements must contact their advisor if they have questions related to teacher certification. FTCE exams for certification are expensive. Please plan for these fees when budgeting.
8. The student is responsible to make application for student teaching by the announced deadline.
An internship fee, presently $300, is charged to cover the cost of various plans for remuneration of directing teachers.

9. Students meeting all the admission and degree requirements for graduating from a state-approved program are eligible for a 5-Year Professional Teaching Certificate. State regulations do change from time to time, and students majoring in Education will be advised of these changes which may affect their eligibility for certification. The Chair of the Education Department serves as the Director of Teacher Certification at Flagler and is responsible for the administration and interpretation of College and FDOE policies relative to teacher preparation.

10. The teacher education programs at Flagler are State Approved, which means that they meet the standards prescribed by the Florida Department of Education. This State Approved status enables Flagler graduates to be certified in Florida and in those states that participate in the Interstate Certification Agreement Compact.

11. EVR 1001/EVR 1001L will count for either an earth science OR a life science, but not both.

**REMARKS**

1. **The Education Department is in transition, and some requirements may change before graduation for students entering under this catalog.**

2. A student who plans to major in any area for teaching certification must meet the following requirements for acceptance to the Education Department: (1) Achieve a cumulative 2.5 grade point average by the completion of the fourth semester of college and maintain it throughout their undergraduate program. (2) Submit either an SAT combined Verbal and Math score of 1010 or higher, or an ACT composite score of 21 or higher. (3) Demonstrate professional environment skills needed for teaching. (4) Earn a passing score on the Florida Teacher Certification Exam (FTCE) General Knowledge Exam. (5) Have earned no grade below a C- in any course required for education certification (see individual education program requirements) (6) Complete EDU 202 and EDU 321. (7) Fill out an application for admission.

3. Transfer students must satisfy all criteria for admission to the Education Department by the end of their second semester at Flagler, and must apply for admission their first year enrolled at Flagler College. *Transfer students who have completed an Associate of Arts degree or Bachelor's degree are not required to submit ACT/SAT scores for admission to the teacher education program.*

4. Students who transfer to Flagler should contact the Department Chair or an Education Department Faculty Adviser and request an evaluation of the time necessary to complete their programs before submitting advanced payments to confirm their intentions to enroll.
5. Participation in intercollegiate team sports and other extracurricular activities may not interfere with pre-service professional obligations and requirements. Students who participate in extracurricular activities, including individual and team sports, will not be able to do so in the final semester of internship.

6. During two or three semesters, Edthena or a similar video platform will be required for assessment of practicum and internship teaching experiences. Students must meet with their Education Department Program Advisor to identify which semesters this will be required.

7. Graduates are required by State law to pass the Florida Teacher Certification Exams (FTCE) to receive a 5-year Professional Level Teaching Certificate. Flagler College requires passing scores on the FTCE before students are assigned to their 16-week internship. See the 2017-2018 Catalog for further details. Students completing their degree requirements must contact their advisor if they have questions related to teacher certification. FTCE exams for certification are expensive. Please plan for these fees when budgeting.

8. The student is responsible to make application for student teaching by the announced deadline. An internship fee, presently $300, is charged to cover the cost of various plans for remuneration of directing teachers.

9. Students meeting all the admission and degree requirements for graduating from a state-approved program are eligible for a 5-Year Professional Teaching Certificate. State regulations do change from time to time, and students majoring in Education will be advised of these changes which may affect their eligibility for certification. The Chair of the Education Department serves as the Director of Teacher Certification at Flagler and is responsible for the administration and interpretation of College and FDOE policies relative to teacher preparation.

10. The teacher education programs at Flagler are State Approved, which means that they meet the standards prescribed by the Florida Department of Education. This State Approved status enables Flagler graduates to be certified in Florida and in those states that participate in the Interstate Certification Agreement Compact.

11. EVR 1001/EVR 1001L will count for either an earth science OR a life science, but not both.
General education requirements at Flagler College are not included here but are included in the counseling manual.

REMARKS
1. At least 20 semester hours must be taken at Flagler College.

2. Eight (8) semester hours of credit for elementary or intermediate Spanish may be awarded to a student who passes an examination administered in September, provided the student completes one more semester of the language at Flagler College with at least a "B" average during that semester. Only eight (8) semester hours of credit can be awarded to any individual student while at Flagler College who tests out of lower level classes.

3. Community college students should note that in the list of elective courses required under the "PROGRAM OF STUDY AT FLAGLER COLLEGE," HIS/LAS 201 may be taken at the community college level as LAH 2000.

4. The department recommends that a Spanish major spend a semester abroad in a Spanish-speaking country or participate in a Faculty Led Study Abroad Program. Credit in Spanish (6-10 hours) earned while abroad for a semester may be applied to the graduation requirement of 120 hours as study abroad transfer credit. Credits (6-10 hours) earned during a Flagler College Faculty Led Study Abroad Program may be applied toward the major, if those courses are taught by Flagler faculty or sponsored by Flagler College. All Spanish and Latin American Studies courses taken in a study abroad program with another academic institution must be approved by the Spanish Coordinator and the Humanities Department Chair.

5. All students who are majoring in Spanish are encouraged to take at least four (4) Spanish literature courses at the 300 and 400 levels.

6. Spanish native speakers will be required to take a placement test prior to enrollment in a Spanish minor or major. This test will verify that they are sufficiently advanced in the Spanish language to successfully complete Spanish 300 and 400 level coursework.
